

Ripon Select Foods Limited

Food Ingredient Manufacturer

Ripon Select Foods Ltd is an independent family business. Founded in 1974 by Mr. & Mrs. Thomas & Kathleen Wood at Ripon, North Yorkshire. The companies joint managing directors, son Martin Wood & daughter Sarah Cooper, are the 6th generation of Flour millers & Rusk manufacturers; their great-great-grandfather being the originator of Rusk manufacture circa 1902. The company has an 8 acre site at Ripon that encompasses a Flour Mill, Rusk, Breadcrumb & Batter Factories as well as an Administration Block, Laboratories & Warehousing.

Rusk Manufacturing Rusk is manufactured from wheat flour, salt and yeast. It is used in a wide variety of products, from seasonings to sausages as a filler & binder.

Breadcrumb Manufacturing

Breadcrumb is manufactured from wheat flour, salt and yeast. Currently the Company produces over 200 different combinations of grit, colour & packaging.

Blending Manufacture Ripon Select Foods Ltd manufacture Stuffing Mixes, Predusts and Batter Mixes from a variety of Ingredients sourced from around the world in a purpose built factory opened in 2007.

Flour Mill The main objective in the production of white flour from wheat is to remove the endosperm (starch and protein) from the outer bran skins in a pure a state as possible before reducing the particles into a fine flour.

Warehousing Ripon Select Foods Ltd distribution operates from a 95,000 sq.ft. warehouse with its own fleet of lorries across the UK. The service offered is second to none & much pride is taken in its ability to react promptly to customers requirements. Over 2500 pallets of 400 different products are held in stock at any one time.

Quality The quality of our products is ensured prior to production with the purchase of quality ingredients to an agreed specification. All products are checked during and after manufacture, each having its own specification to which it must comply.

Ripon Select Foods Ltd & its staff take pride in its 'can do' attitude to customers & are always striving to ensure that the customer is fully satisfied.

Food technology for success!
