

Shift Production Operative

Working a 3-shift, revolving system at our large scale, industrial bakery plant, your role will be to ensure the smooth and efficient running of the production line. Assisting the Chargehand, you will set-up and monitor machinery, carry out swift product changeovers, undertake product checks and maintain accurate records.

You will be responsible for quality, hygiene and safety, must be comfortable manually lifting 25kg bags and possess basic numeracy and literacy skills. A comprehensive training programme is provided.

Benefits include contributory pension scheme, work-wear and generous holiday allowance.
