

Laboratory Assistant

This is a temporary position to provide cover for maternity leave, exact duration to be confirmed.

35 hour week

The successful candidate will work in both the Product Development and Quality Control laboratories.

Ideally, applicants should be numerate and literate and have an interest in food. They should also be able to demonstrate an attention to detail and be focussed and reliable.

In PD the role will include sample preparation, processing sample requests, housekeeping and maintaining stock ingredient levels.

In QC the roles will include routine quality control procedures including product testing, internal auditing and ensuring records are accurately maintained.

Benefits include contributory pension scheme, work-wear, and generous holiday allowance.

Applications will only be considered from those persons who have completed all parts of the application pack and as instructed. Packs are available by:

- ♦ Download from website
- ♦ Email: ingredients@rsf.co.uk
- ♦ Telephone: 01765 601711
- ♦ Write to: Mrs M Williams, Administration Manager,
Ripon Select Foods Ltd, Dallamires Way North, Ripon, North
Yorkshire, HG4 1TL

Closing date for applications: Friday 30th July 2010
